  - *College English*
Information from which of the following sources *might* be biased?

1. Wall Street Journal
2. Wikipedia
3. Library database
4. Published book
5. All of the above
EVALUATING SOURCES

○ **WHO?** Who is the author of this source? Are they qualified to write/speak on the subject? Are they biased in any way?

○ **WHAT IS THE SOURCE?** Does it have a title? Is it a primary or secondary source? Is it authoritative or trustworthy?

○ **HOW WAS THE SOURCE PRODUCED?** Who is the publisher or sponsoring organization?

○ **WHERE DID YOU FIND THE SOURCE?** Was it through a library databases or through an internet search engine that may list results in a biased or weighted manner?

○ **WHEN WAS THE SOURCE PUBLISHED?** Has it been replaced or updated?

ADVANCED SEARCHING SKILLS
PHRASE SEARCHING

Put phrases in quotation marks to search as a phrase.

These two searches will yield different results:

Lake Michigan

“Lake Michigan”
Boolean Logic

This is a way of combining search terms together using these “Boolean” words or operators:

• AND
• OR
• NOT
Which Boolean operator narrows your search results?

1. OR
2. AND
3. I don’t know
Boolean logic: AND

“climate change” AND Antarctica

“climate change” AND Antarctica
Boolean logic: OR

“global warming” OR “greenhouse effect”
Boolean logic: NOT

("climate change" OR "global warming") NOT Antarctica
Truncation

Truncate root words with an asterisk * to find all forms of the word.

Instead of using:
child OR children OR children’s OR child’s

use:
child*
True or False?

If you use a passage of original material from an article and put it in your own words, you have to cite it.

1. True
2. False
